The city of Norwich is a short drive away and offers great shopping, entertainment and transport facilities. Norwich offers a regular service into London Liverpool Street with a journey time of approximately two hours.

The Property

Faulgate House dates from circ.1900 and was renovated and extended in 1981 by the current family. The property is approached via a sweeping gravel driveway which leads past the impressive barn, towards the main house. The house has clearly been cherished over the years and offers a traditional layout, with nicely proportioned rooms with high levels of natural light flooding in. The property is neutrally decorated and has a living room with a prominent fireplace, which creates a focal point within the room. The dining room supports a generous size kitchen/diner, which in turn leads to a useful utility. Off the spacious hallway, a cloakroom and office/study can also be found. All first floor bedrooms and the family bathroom lead off the large landing.

The barn

Adjacent the main house, a substantial and attractive brick and flint barn can be found. Built around 1990, the barn is in good condition, vaulted and extending to 30' in length, with stairs leading up to a mezzanine level, offering exciting potential for its use. A large conservatory adjoins the barn and provides a great place to relax and enjoy superb views across the garden. A double garage/workshop allows for further parking or a work/hobby space, with power and light, along with two sets of double doors.

Outside

The grounds total 1.28 ac and are mature with various trees, shrubs and borders. Towards the end of the plot are a variety of fruit trees. There are far reaching countryside views beyond the side and rear boundary. The driveway allows ample space for a good number of vehicles.
