The property is situated within the village of Thorndon, a popular and well-served village offering a public house, shop, mobile post office, school, and church. It lies approximately 4.5 miles from Debenham, 13 miles from Stowmarket, and 8 miles from Diss.

Nearby is the renowned Thornham Estate, extending to around 2,000 acres and offering approximately 12 miles of scenic walks through well-managed and diverse landscapes, including woodland, parkland, and farmland. Further amenities are available in the nearby town of Eye, located just 3 miles away, providing a range of local shops, medical and social facilities, and schooling through to sixth form level at Hartismere School (rated Outstanding). Thorndon is conveniently positioned for access to the A140, providing a direct route to Norwich and Ipswich. Just across the county border into Norfolk lies the thriving market town of Diss, which offers a wide range of shopping, sporting, and leisure facilities, including an 18-hole golf course and driving range. Mainline rail stations at Diss and Stowmarket provide regular intercity services to Norwich, Ipswich, and London Liverpool Street. In addition, the renowned Suffolk Heritage Coast, including Southwold, is approximately one hour's drive away.

The Property

The Meadow House is an individually built home offering well-balanced and thoughtfully arranged accommodation throughout. The proportions are particularly generous, most notably within the spacious living room, while the overall layout creates a natural and comfortable flow, ideal for everyday living. The kitchen/dining room has been opened up in recent years by the current owners, creating a sociable and inviting space well suited to modern living and entertaining. This area is fitted with a range of contemporary units, complemented by a quality integrated Miele dishwasher, combining both practicality and style. A separate utility room provides valuable additional space, ideal for housing white goods and maintaining a clean, uncluttered kitchen environment. In addition, the family room offers excellent versatility and can be used as a more informal second sitting room, a children's playroom, or even a ground floor occasional bedroom, if required. Upstairs, there is further potential to enhance the layout, with scope to combine the existing bathroom and en-suite to form a Jack and Jill arrangement serving the two rear bedrooms; an appealing option for families or guests.

Outside

The property is set well back from the road and approached via double gates, opening onto a gravel driveway that provides ample off-road parking and access to the detached garage/workshop. The gardens have been recently landscaped to create an attractive and well-maintained outdoor space. A porcelain patio, added in recent years, offers a stylish and practical seating area, accessed from multiple points at the rear of the house - ideal for both everyday use and entertaining. The remainder of the garden is predominantly laid to lawn, complemented by thoughtfully planted borders filled with a variety of perennial shrubs, providing colour and seasonal interest throughout the year, along with several secluded seating areas to enjoy different aspects of the garden. A particular highlight is the garden studio, finished to a high standard and fully insulated and heated, making it perfectly suited for year-round use. Whether utilised as a home office, hobby space, or for entertaining, it offers excellent versatility to suit a range of needs.

Services: Mains water, electricity, and drainage are connected. The property is served by oil-fired central heating and also benefits from solar panels, which contribute significantly towards the overall household electricity costs.
