The Land

The land is farmed in four main arable enclosures and the cropped area extends to 48.24ha (119ac), which could be increased to 49ha (121ac).

The land is generally level and supports crops of winter and spring cereals as highlighted in the cropping schedule. There are game covers on some of the enclosures used as part of the Banham Shoot. Sporting rights will be reserved until 1st February 2021.

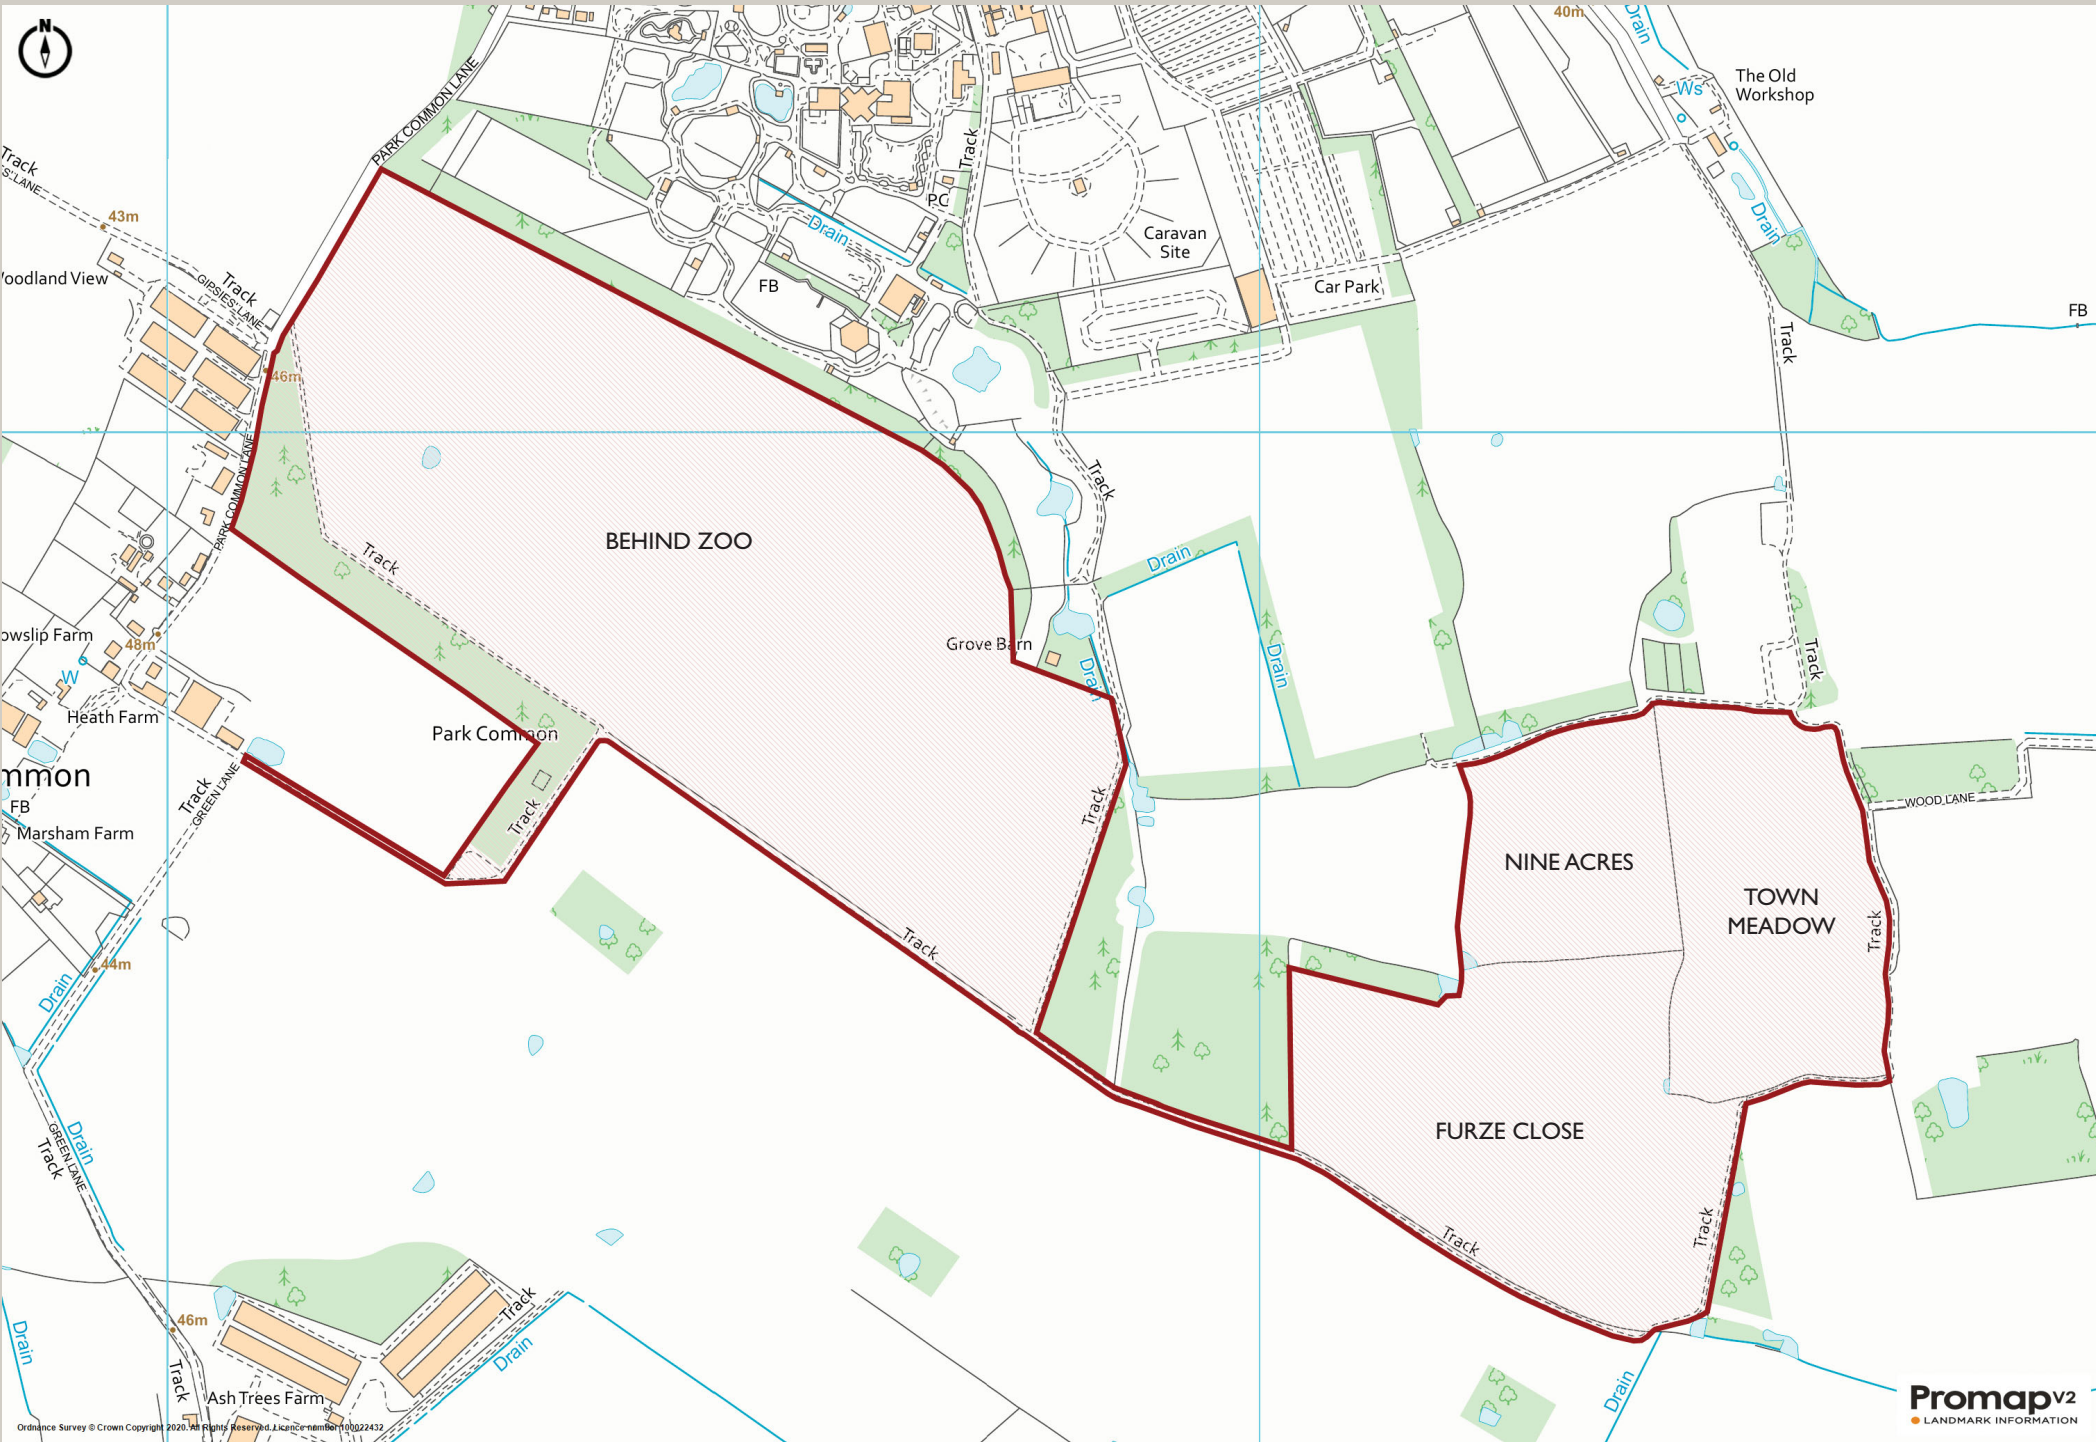

Please note that the rearing or keeping of pigs or poultry will not be permitted on the land being sold, as a result of the adjacent land uses.

The block of woodland was established under the Farm Woodland Scheme in the early 1990's. It is understood that the land must remain as woodland until 2022.
